

SHIVA BOMMERA

Computer Science (AI & ML) student with hands-on experience in Python, SQL, machine learning, and data analysis. Built projects in ML applications, business analytics, workflow automation, and intelligent systems using tools like FastAPI, Power BI, Salesforce, and Scikit-learn. Interested in software engineering, data-driven problem solving, and applied AI development.

Experience

Artificial Intelligence Trainee, Pixel Quest (Hyderabad)

Nov 2024 - May 2025

- Completed industrial training focused on AI/ML fundamentals and Python-based problem solving. Learned machine learning basics, data preprocessing, and model workflows, building a strong foundation in applied AI.

Projects

- **Escanova AI Support Agent** — Built a Salesforce-based support ticket escalation system to automate complaint classification, case creation, and priority-based workflows.
- **Zara Sales Data Analysis** — Analyzed product and sales data using Python and Power BI to uncover insights on pricing, promotions, and customer behavior.
- **Microplastics Detection System** — Developed a low-cost Arduino-based system for detecting microplastics in water; presented at ICECMPA-26 International Conference.
- **SMS Spam Detection Web App** — Built a FastAPI-based ML web app to classify SMS messages as spam or ham with real-time predictions.

Achievements

- Presented research work at ICECMPA-26 International Conference
- College Topper in Diploma with CGPA 9.76
- TG ECET 2025 Rank 532 out of 20,000+ candidates
- Solved 150+ problems on LeetCode

Hyderabad, India

Skills

- **Languages:** Python, SQL
- **Libraries/Frameworks:** Pandas, NumPy, Scikit-learn, FastAPI
- **Data & BI:** Data Analysis, Power BI
- **Tools/Platforms:** Git, GitHub, Jupyter Notebook, MySQL, Salesforce
- **Concepts:** Machine Learning, OOP, Data Preprocessing, Model Evaluation, REST APIs

Educational Background

- **B.Tech in CSE (AI&ML)**
Vardhaman College of Engineering
2025-2028
- **Diploma in CSE**
Brilliant Group of Technical Institutions 2022-2025

Certifications:

- HackerRank Python Certification
- HackerRank SQL Certification
- HackerRank Problem Solving Certification
